

P&P Plug&Play Solutions

Our Plug&Play products were developed in response to the need for a robust, streamlined and scalable product for use in material handling systems, such as conveyors, sorting, automated storage and retrieval, packaging, overhead transport, palletizing, etc.

Greater Flexibility Equals Lower Total Cost of Ownership

- Rapid Install Due to Scalable Modular Design at Startup
- Repeatable System for Expansion or Plant Reconfiguration
- Faster Commissioning with Reliable "Plug & Play" Capability Dramatically Reduces Costs
- Factory Assembled & Code Compliant System Eliminate Field Wiring Errors & Cable Pullout
- Eliminates Traditional Raceways, Conduit & Cable Glands while Increasing Ingress Protection
- Quick Disconnects Minimize Downtime from Removal or Replacement of Failed Equipment
- Rugged Over-molded Connectors & Feature Crush & Oil Resistant Cables
- Compliant with various code compliances such as NFPA 79-2007 standards, UL2237 PVVA Listed

Potential Applications

Distributed Power & Control of Motors, Parcel Distribution, Palletizing, Packing and Shrink Wrapping, Airport Baggage Handling, Material Handling, Packaging Equipment, Food and Beverage Processing, Automated Storage and Retrieval, Overhead Transport

DPC FA **Distributed Power & Control
Factory Automation**

To meet a wide variety of application specifications, Amphenol offers the advantage of cordsets with build-to-order, custom capabilities. We offer a complete turnkey solution to meet your application demands. These cordsets can be manufactured to customer specifications to include custom mold colors, wiring and environmental protection. Our products provide customers optimum scalability and flexibility while simplifying your electrical requirements with a practical solution that can be tailored to fit individual application specifications, yet still be cost efficient.

Standard Products

CP ControlPower 6 Position/5 Used		mB miniBOSS™ M22 (7/8") 2, 3, 4, 5 and 6 Position	
C091 C091 (M16)		PB POWERBOSS™ M29 (1.14") 4 Position	
DN DeviceNet 5 Position		PB POWERBOSS™ M40 6 Position with CheckMate™	
mB microBOSS™ M12 (1/2") EtherNet 4 Pos (Plug/Receptacle) and 8 Pos (RJ45)		PB POWERBOSSlite™ M35 (1 3/8") 3 and 4 Position	
mB microBOSS™ M12 (1/2") 3, 4 and 5 Position		VB VersaBOSS™ VFD Series 9 Position
